

# A project about jobs

Hello! We are Kate and Jane. Our homework is to write a project about jobs. So, let's speak about a farmer, a baker, a doctor, a firefighter, a basketball player and a DJ.

What do these people usually do?

Well, farmers grow vegetables. They like to work in the field.

Bakers make bread. They like to cook. Doctors help people.

Firefighters fight fires. They like to help people, too.

Basketball players play basketball. It's their favourite game.

DJs play music because they like to listen to the songs.
