

This Is My Diary

This is my diary. I have to do a lot of things during the week.

It's a good idea to write down my plans.

On Monday I usually play tennis with my friend Tony. We meet in the park and have our training.

On Tuesday I have my guitar lessons after school. I like to listen to music and sing. When we have parties I always play my favourite songs.

On Wednesdays my friends visit me and we play computer games. Of course, I am ready for my lessons on Thursday. Thursday is the day to wash my dog, Dot. He is white. I take him for a walk every day.

On Fridays I usually tidy my room and do my homework for Monday.

My weekend I spend in the country. I visit my grandparents. On Saturday I help my grandma in the kitchen. We bake tasty cakes.

On Sunday I help my grandpa in his library. In the evening I come back home, open my diary and write down my plans for next week.
